TESTIMONIALS.

From Mr. JOHN J. MAHON, Capilla del Señor, June 29, 1881.—The dip which you sent me I used according to directions, and I can assure you that it gave the desired result. During four years of practical experience of curing scab in sheep, I have seen many specifics used, and I consider Gilliard's the only one that gives complete satisfaction. It improves the quality and promotes the growth of the wool. For efficiency, economy and facility of application, I prefer it to any dip I have used.

From Mr. JAMES M. THOMAS, Estancia Santa Ines, Monte, June 29, 1881.—Having given a good trial to Gilliard's Dip, I have much pleasure in bearing my testimony to its valuable quality as a Sheep Dip. It destroys all insect life with which sheep are infected, mixes readily in cold water, does not injure the hands, and softens all hard parts. I shall strongly recommend it whenever an opportunity offers. As regards the cheapness, it should command a good sale.

From Mr. Wm. Petty, Estancia Caro, Colonia, Sept. 20, 1881—
"I feel great pleasure in informing you that the sheep dip supplied by you to me under the name of Gillard's Sheep Dip has had surprising results on my English long-woolled rams; it has kept them entirely free from scab after only twice using it, although those rams have been constantly running in a flock of scabby sheep. I intend for the first time to give it a trial with the whole of my English breed of sheep as soon as I have them shorn, as I feel satisfied I shall with that did keep scab out of the flock."

From Messrs. Patrick Mahon, junr., Ciriaco Morales, and James Murray, Capilla del Señor, Sept. 18, 1881—
"It gives us great pleasure to inform you that, after giving a good trial to Gillard's non-poisonous sheep dip, we can pronounce it to be the best specific we have used as yet, and we are fully determined for the future to use no other remedy."

LATEST NEWS.

PRESS TELEGRAMS

The following epitome of the latest news by telegraph, from all quarters, is taken from our colleagues—

Santiago de Chile, Feb. 27.

Chilian papers of Lima publish important documents signed by Pierola, proposing to form a Grand National Party with the sound elements in Peru, to make peace with Chile.

Several leading Peruvians have adopted the idea and formed a Junta to carry it out.

Iglesias, ex-Minister of War, is in the north of Peru, at the head of an armed band.

Protocols signed by Balmaceda, Blaine and Trescott will be published to-morrow.

Colombia and Costa Rica signed treaty to submit any difficulty between them to arbitration, and never to go to war.

Montevideo 27th.

Vidal resigned to-day, on the ground of illahealth.

Assembly General will meet to-morrow to consider it.

Don Jose M Castellanos died last night. Very large funeral.

Grand banquet being prepared for President Santos, in the Solis Theatre.

Said that Santos forced Vidal to give him his resignation in writing some months ago, and had it in his pocket ever since.

Captain Fondacaro has arrived from Europe.

Opinion Nacional dead and gone.

Tala 27th

Several traders and artizans (Racedistas) have been drafted into the police.

Rosario 27th

Dr Cesar named new Commercial Judge here. Tremendous storm burst over town at 2 p.m. and weather now much cooler. Ball at Club last night magnificent in quantity and quality.

Montevideo 28th

Chambers now in Assembly, considering Vidal's resignation, which is the most laconic conceivable. It says simply that he is sick and would be glad if they would relieve him of his duties.

They have accepted his resignation right off and elected Santos for four years.

Mr Flanigan will be President of the Republic till to-morrow, when Santos will be installed.

There will be three days jollification.

Italian Minister visited Betancourt's murderers to-day and declares that the rumour of their having been tortured is pure invention.

BOULEVARD ALVEAR.

The Lord Mayor's new boulevard is the most refreshing project of the day, but, through a strange contradiction of human nature, the public makes little fuss about it. If we were Athenians, nothing else would be talked off, but being more akin to the Calabrian, the greatest indifference hails the embryonic boulevard. It requires a special ethnological study to find out the hidden causes why the generous people of this most favored soil are so slow to emerge from their conservative habits and to embrace that which tends to advance the material embellishments of the country. Argentines have, in general, more individual than collective enterprise. It took many years and much brain-work to pave the streets between the Plaza Lorea and Victoria; it required 20 years of hard editorial labor to mend the hole in the mole: but then on the other hand it took a very short time to adopt French fashions and build new theatres, to erect sumptuous private residences and plant Eucalyptus trees.

Spite of all our progress, there is very little collective or joint stock enterprize in Buenos Aires. Nobody, tomorrow, could start successfully a company with a capital of £250,000 stg., for the most useful or praiseworthy object, although the private deposits of the Provincial Bank amount to £4,000,000 stg, and there are men whose rental reaches £40,000 and much more per annum: Collective enterprise there is none, and herein we resemble the Turks, Argentines really are fatalists; every thing is left to the Government and to providence. This state of the people must no doubt be attributed to the vast plains of the Pampa and the capital of the country.

In other countries a company would have been immediately launched to carry out the Lord Mayor's idea, and there is plenty of idle capital in the Republic to do the same. If the boulevard is to be made, nevertheless, we may look forward to some new loan, as we have no Haussman to do the business. The project is a most plausible one, and in our opinion the Lord Mayor is right when he proposes to cut through the middle of the blocks; the plan is splendid, as it will in general only take in the third patio of the houses; the Cabildo, nevertheless, must remain to screen our place de la Concorde and a pillar of liberty. Sooner or later half the houses in the Calle Rivadavia must be knocked down, so there is no need for the present of making the boulevard on that thoroughfares.

The rents of the sites on the new boulevard would amply repay our expenses. Any man who attempts to build ranchos, as we see in the Calle Florida, on the Boulevard de Alvear should be fined; and gold medals should be distributed amongst those who erect the finest facades in each square. The city would present a changed appearance if the project is carried out, but many think that its realization looks like some dim dream of the future.

In Mr Alvear's hands we believe the Boulevard can be carried out. Never before have we had in the Lord Mayor's chair so active and energetic a man as Don Torcuato Alvear. Posterity will yet be erecting statues to him, although we doubt if the chisel of the greatest sculptor could erect to his memory a grander monument than this splendid Boulevard which he has had the genius to propose. All the duffers who oppose should be sent to the other side of the Alsina ditch, to sit on a cow's head and sip 'mate,' until some Lord Mayor from Trequelauquen be elected to succeed our present Haussmann. We vote for the Alvear Boulevard.

THE EXHIBITION

'Black Care' sits behind everything connected with the Continental Exhibition, and will not be shaken off. Yesterday, when the public were expecting the decree ordering the inauguration of the Show next week, out came in its stead notes addressed, in an 'ultima hora' difficulty, to the Minister of Foreign Affairs and to each other by the President of the Industrial Club and the President of the Inspecting Committee. We wont weary our readers with these verbose epistles, which show the lamentable botching and want of unanimity that have swayed the councils of the Exhibition since the start, and now, at the eleventh hour, threaten a collapse of the whole affair. We epitomise the correspondence as follows—

Don Henry Urien, President of Industrial Club
to
Dr Plaza, Minister of Foreign Affairs

Your Excellency having been named arbitrer, I lay before you the Industrial Club's complaint against the Inspecting Committee:

The Club has been three years working up the Exhibition, and but for the row in 1880 would have opened it on May 25th of that year. When it secured the Plaza Once for the Show, it intended to carry it out at its own cost, but Congress afterwards voted 100,000 pats to help the Club, to be disbursed as required by an Inspecting Committee, and the Club consequently enlarged its programme.

The works went on briskly, and the disbursements of course increased; large payments had to be made, but, up to the present, the Club has only been able to squeeze 34,000 of the 100,000 pats out of the Inspecting Committee, and would probably not have required any more but for the unavoidable postponement of the inauguration. As the Show has not been opened, the only cash to fall back on is that in the hands of the Inspecting Committee. The shareholders capital has been all spent, also the 34,000 pats referred to, plus 16,000 pats borrowed on liberal terms from two members of the Club.

The Inspecting Committee know well that large sums are due, but they hold back the cash on frivolous pretences and conditions that have nothing to do with the works.

The Club Committee appeal to Y. E. to say if it is fair to force them to fall back on their own credit again while there is money voted by Congress which the President of the Republic wishes to have applied to its proper purpose?

The Club has received comparatively trifling assistance. The Cordoba Exhibition cost 395,000 pats. Brazil has voted, for simply adorning her section, 60,000; Banda Oriental 10,000; province of Buenos Aires 10,000, etc. Do you not think that getting so far with the works without getting more than 34,000 pats from the Government, shows that we have spent the money well and economically?

Y. E. will see how serious is the difficulty the Inspecting Committee has created for us, and will, I trust, give it your early attention.

N. A. Calvo, President Inspecting Committee
to
E. Urien, President Industrial Club.

The Minister of Foreign Affairs is waiting for the note which you were to send him, as agreed on, saying on what date you will be ready to open the Exhibition.

It is 5½ p.m. and no sign of a line from you yet.

On receipt of the above President Urien called on President Calvo, and the result was that the Club is to send in a petition praying that the Show may be opened on 8th inst, as all will be ready by that date.

Several members of the Industrial Club subscribed ½ a million currency on Monday, to keep things going. This public spirit deserves high commendation.

The Sud America and Congo's Mails.

LONDON LETTER.

(*From our Own Correspondent*)

GENERAL NEWS.

February 3, 1882.

The news of the day you will have received in the terse language of Reuter or Havas. The interest of much of it is prospective. The occurrences on the borders of the Nile and the Danube teem with future possibilities of great European importance. Meanwhile the financial questions of present interest in Paris have, by the prompt arrest of M. Bontoux and M. Feder, the President and Manager of the Union Générale, assumed a certain political importance. That the names of the Comte de Chambord, M. Veuillot, the De Broglies, the d'Harcours and the De Blainvilles and so many other celebrities of the party of the throne and altar, should either actively, as directors of the fallen bank, or as participators in its unholy gains, or as sufferers by its reckless speculations, appear as accomplices in what is now assumed to be the criminal transactions of the President and Manager, has naturally given a strong party bias to the prosecution of those two prisoners, who have been refused bail and are now safely lodged in Mazas prison. The matter reaches Austria and as far as Servia. It is only quite lately we have been warned that Mr. Gladstone's celebrated expression, 'hands off,' was no idle apostrophe. The policy of Austria in occupying and virtually annexing Bosnia and Herzegovina, not in the interests of the Slavonian population, but in the German and Maygar interest, was suicidal. In Austria there are only five millions of Germans and eight millions of Maygars, whilst in Austria and the Danubian Provinces there are over twenty millions of Slavs, who naturally possess and intend to pursue aspirations it should have been the policy of Austria to protect. Instead of that she has not only made the Turks regretted in Bosnia, but has so intrigued as to impose a Government devoted to Austrian interests in Servia. M. Bontoux was in many respects an Austrian engineer. His bank it seems never did any legitimate banking business, and was, in fact, a financial agency for promoting companies, and principally Austrian companies, of which the two Länder banks were the chief; and how they will fare is not yet decided, although the managers continue to assure the public that their banking affairs are separated from those of the Union Générale. M. Bontoux has also been active in Servia, and his failure is likely to compromise the Servian Administration. The attempt to sever the Sclavonic branch in Servia from the orthodox Greek Church will probably be frustrated, and the Metropolitan Michael, who has been persecuted by the Government, will perhaps triumph, owing to the financial difficulties occasioned by the failure of M. Bontoux. Meantime the Montenegrins are openly giving assistance to their brothers in Herzegovina, and the recent pan-Slavist speech or manifesto of General Skobeleff, is supposed to be directed specially against Austria, and presumably against Germany, which is pushing Austria to the Ægean. In the interval, M. Gambetta has handed over the last 'post' that arrived at the Foreign Office to M. Freycinet. He took a look round at the pictures at the Louvre, and packed up his portmanteau and went to Nice for a fortnight. On his return he assumes his editorship in chief of *La Republique Francaise*.

The error Austria is committing in the Slavonian States south of the Danube is, in a different sense and on a smaller scale, repeated by France and England in Egypt. There is no doubt in the world that the fellaheen have been greatly benefited by the foreign 'control,' and that the so-called national party which has risen up and infested the Chamber of Notables and caused Cherif Pasha to resign and placed Ourabi Bey virtually in power, under Mamhoud Pacha, is headed by a military caste unscrupulous and avaricious. Nevertheless, it does in some sort represent a national aspiration, and respectable Egyptians, like anybody else, resent the fact, that under the pretence of controlling the finances for the good of the country and the Suez Canal, the best offices in the State are filled by fussy Frenchmen

Can be used with COLD WATER. Sole agents MOORE and TUDOR. BEWARE OF IMITATIONS AND FALSIFICATION.

and bumptious, arrogant Anglo-Indian officers. Amongst other things, the national party insist on the dismissal of these people. What more they want, and what foreign influence is behind them, remains to be seen. Mr. Blowitz, the Paris correspondent of the *Times*, records this morning the particulars of the interview between M. Gambetta and M. de Freycinet. He states that M. Gambetta in alluding to Egyptian affairs, assured M. de Freycinet that France and England were agreed to send to Egypt a joint military expedition, in case of certain events occurring. One of these was the fall of Cherif Pasha, which has since taken place. The startling information is contradicted, apparently on authority by the *Pall-Mall Gazette* of this evening. It is not proposed to disturb the *statu quo*, and so far from sending English troops, the *Pall-Mall* understands that if military intervention is necessary it will be by Turkish troops.

In the midst of these political difficulties, and the widespread ruin caused by the collapse of the Union Générale, and a nominally 6 per cent. bank rate in England which is really 7 to 8 per cent., the settlements on the Paris and London Exchanges have proceeded 'à merveille.' The Paris brokers have for the time been propped up by the syndicate of bankers, and as M. Say proclaimed, to their great credit, they have undertaken to pay their differences, whether they receive from their indebted clients or no. Money still goes to Paris notwithstanding present rates, and large amounts have been sent by the Imperial Bank of Germany, and some smaller amounts are on their way from New York. So small comparatively was the amount, about £50,000, sent yesterday from the Bank of England, that the Directors made no alteration in the minimum rate, although the Bank itself was discounting at 7 per cent. The discount brokers must be rather perplexed, and there is no doubt that in all the great markets credit is strained and people are uncertain how to act.

An optimistical view of the position is much favoured by the firmness of good English railway shares; but it must be remmbered that they do little more than hold their own, and in this month the 'bulls' expected a very considerable rise, which has at all events been checked. Foreign Securities, including Argentine Treasury Bonds, have exhibited serious fluctuations.

As for Paria, the true state of things is well described by the correspondent of the London *Standard*. He says—'A friend of mine required about £1,000, and though he offered as much as £12,000 worth of securities to leading bankers, they would not even look at them, and he had to sell stock to procure the money he wanted. Shares and scrip of every description, exclusive of Rentes, are just now not marketable, and it may be said that France for the moment is in a state of financial panic as regards all securities that are not State Stock.'

EDITOR'S TABLE

People were frightened out of their wits yesterday, and could eat little or no breakfast, owing to the unfounded rumour that the Exhibition had burst up, that everybody connected with it had resigned, that Biekhert had taken every drop of beer out of the place, that the poets had stopped short and thrown down their pens, in fact that the inauguration had been postponed to the eve of the Festival of St. Tibb. We are happy to say that nothing so dreadful has occurred. We give particulars of what has occurred in another column. We believe the 15th inst will be the day, wind, wives, weather or any mortal thing to the contrary notwithstanding. All hands agree that the Brazilian Section will be the queen of them all.

The Congo's mails were delivered yesterday. Our files of papers missed somehow, and Mr Dewey was so full of customers for the latest news that he sold all he had and could not give us a late paper for love, money, or blarney, although we offered him all three, so we translate our colleagues profuse telegrams with the news. See 'otro' column. History must give up her trick of repeating herself, if what Austria is now about in Herzegovina do not lead speedily to a revival of the Eastern Question and a final rush for the carcase of the 'Sick Man.'

On Sunday last about sixty prizes were given to the children of the Scotch Sunday School, one of the many liberal gifts to that institution from Mr. Thomas Drysdale. The Elders of the Church and a considerable number of parents and friends were present. Mr. Drysdale delivered two excellent and heart stirring addresses to the teachers, parents, and children, which were listened to with breathless attention. Mr. Drysdale does not only for the School all that money can do, but he does what if possible is more important still—he goes every Sunday to the School to cheer and support the teachers in their arduous and noble work. The prizes were delivered by Mr. Dodd in a very admirable manner, having a kind and suitable word to say to every recipient. Mr. Dodd has been a great acquisition to the staff of able and zealous teachers who have made the school what it is; and his kind and genial disposition makes him a favourite with all who know him.

Ten thousand Welshmen on the Rio Negro! was the great topic yesterday. Even on 'Change, in the throes of the settlement of the month's accounts, the brokers spoke of the immense fillip such an influx of Celtic blood would give the country. Things in Wales are far worse with the peasantry than in Ireland, with this difference, that all the Welshmen are anxious to emigrate, whereas their Irish cousins are determined to stick to their native soil. We have every confidence in the final success of this grand immigration scheme, and even our intense Italian sympathies cannot blind us to the fact that 10,000 of Owen Glendower's countrymen on the Rio Negro would be worth more to the country than all the Ausonians on all the other rivers in it.

The Rev. James Smith will preach on Saturday next at noon, at the preparatory Communion Service in St John's Church, district of Quilmes.

President Roca and his family have returned to his town residence from Ramos Mejia, the summer season being now on the wane.

General Lavalle has issued an order of the day in reference to the brutal conduct of the military at the fire the other night, recommending their officers to look sharper after them in future. This is all fiddlestick. If soldiers are to be called out on such occasions, let them leave their arms in barracks and be solely employed in assisting the Bomberos, not in keeping the crowd back, which is the business of the police. One young man lay in a dead faint in a cafe, in Calle Maipu for two hours, having received a blow from a musket butt in that sensitive region between the chest and the stomach which schoolboys call the 'breadbasket.' The unfortunate man was within an ace of requiring no more bread or any other edible.

Some thirty private friends entertained Governor Celman of Cordoba at the Cafe de Paris on Monday night. It was a very 'recherche affair. Another banquet on a more public scale will shortly be given to the same distinguished guest.

On and after the 4th inst. the favourite river steamer Villa del Salto will leave here for Montevideo on Wednesdays and Fridays, and the Sunday trip from Montevideo and the Monday one from here, will be stopped. Take notice all whom it may concern.

Mr. John Hospital has offered to sell to the Minister of the Interior as much of a certain liquid of his invention as the National Treasury can pay for, guaranteeing that it will put out any earthly fire in less than two minutes. The price is only five pats the 'bordalesa,' and Mr. H intends to give several pipes of it to the Bomberos to use at the next fire. It has been tried in France with the greatest success.

The Dame aux Camelias will be repeated tomorrow night at the National Theatre. Madame Gualtieri is unapproachable in this character—beats Sarah Bernhardt hollow. The following is the list of the 'palco' holders in this new theatre:—The National Government, Manuel Basualdo, Diogenes Urquiza, Luis Manuel Basualdo, Lavalle y Ugarte, Fermin Basualdo, Manuel Aguirre, Herrera y Quintana, Manuel Mats tos, Llambi Campbell, hermanos Villar, Eduardo Vidal, Santiago Luro, Julian Martinez, Emilio Dupportal, Leon de Alvear, Ezequiel Barrenechea, Carlos Guerrero, Mercedes P. de Arana, Carlos Casares, Francisco Fernandez.

The report that the 'cocheros' were about to reduce their fares is contradicted. Now that we think of it, the idea of a hackney John reducing his fares is almost as preposterous as expecting to get back a stolen umbrella, to find a policeman when you want him, to have a good supply of water at a fire, or to find a duck that wont swim.

The new Rivadavia market was not inaugurated on Sunday, although the reporter of an evening colleague absolutely deposed to the lunch on the occasion. We suspect he must have 'lunched' heavily elsewhere. The ceremony came of yesterday, when there was not only a lunch but a truly 'opiparo banquete.' The market and street in front showed a profusion of flags and looked extremely gay. As usual, there are lots of 'fondas' opened in the market and its vicinity, so that Beef and Bacchus can go hand in hand.

The heat in the provinces is described as truly awful. In Rosario 3 Custom House peons dropped dead the other day, suffocated by the high temperature.

Monsignor Mattera, Papal Delegate in the Plata, has been made an Archbishop 'in partibus,' and will be consecrated here shortly by Dr Aneiros and the Bishop of Montevideo.

Dr Adolfo Decoud is to represent Paraguay in the Pedagogues' Conference at the Exhibition.

We salute our esteemed colleague the *Courrier de la Plata* on its enlarged size and new type. It is the nicest paper in town now.

We are sorry to hear that our esteemed and distinguished colleague Dr Anibal Blossi, of the *Operario Italiano*, is unwell, owing to contusions received at the fire in Calle Cangallo on Friday. We trust his recovery will be speedy.

The swindling of M. Marechale, the esteemed proprietor of the Hotel de la Paix, to the tune of 180,000 pats, by a broker who fled yesterday morning, is the talk of the whole city. Mr Marechale only returned from Europe in the Congo.

There was something wrong with the telephones yesterday. Several of our subscribers made themselves hoarse as crows in endeavouring to make people at the other end of wires hear them, but all in vain. Something loose somewhere.

The news from the Pacific foreshadows a genuine move for peace at last. Pierola has declared that Peru has touched bottom and is lost for ever if she does not make peace. A Junta of Peruvian notables has been formed to take his advice. Pierola is still the most popular man in Peru, and it is probable something will come out of this his last move, as he has been in Lima for some time past, and the Chilians have not molested him.

The House of Lords discussed a proposition to name a legislative commission to be charged to take up informations of the successes in Ireland, which, although opposed by Government, was approved.

It is rumoured that the House of Commons will be dissolved or, if not, Gladstone will resign. The Chief of Cabinet declared in that House that the propositiou sanctioned by the Lords would for the moment be dangerous, and asked for this affair a vote of confidence.

The House has fixed Thursday next (2nd of March) to discuss this question.

National Bank Shares..	132½

This was a day of intense excitement on Change, and reminded one of the memorable close of the month of November, when so many brokers smashed and the liquidation was so prolonged.

Up to yesterday at closing hour, everything seemed to go along most smoothly, and as there was a preponderance of sellers, the bears refusing to buy back, prices yesterday afternoon drooped to 130½, but this morning there was a hushed whisper that there was a "novedad". Even before the ring opened, things began to look awkward, and some enquiry was made for a well known operator who generally puts in an early appearance on the Bolsa. The ring opened hard as a nut, and all day the National Bank stock ruled rising; opening at 130½ and closing at 132½ for cash; sales reaching only 7,500 shares all told, though the vencimientos were close on 30,000 shares. It was quite evident that the people who had sold heavily had not as yet bought back, and the bell rang with at least 15,000 shares yet to be purchased to close the month's account.

At about 1 o'clock the news spread that Mr Stump, a well known operator, had not put in his appearance, and as it was notorious that he carried on operations in Bank shares on the largest scale, employing 10 or 12 brokers, the news of his absence caused much of a panic in the market; the shares steadily advanced to 132½ and then closed. For end of March some outside brokers were very steady buyers, as it seems there has been an enormous business done for that date, and people speculating on a sharp fall on the payment of the dividend have sold more shares than the whole capital of the Bank. It is in consequence of this that the stock for March rules so very hard.

In gold there is nothing to report. PAR is the word, and as nearly all the money borrowed in the market on shares, stocks and even pagares is gold, it stands to reason that there is more gold offering for exchange for paper on the Bolsa than the market can well stand. Gold keeps flowing from Europe to the River Plate, and almost every steamer brings remittances.

Cedulas ruled dull enough, the vencimientos were—

Series E 131,000
Series A 165,000

People ask on Change when the Series E will be amortized; this series is weak, and even Series A gave way to-day, and people who had to realise were well contented to get 99½ against 1 premium last month.

The liquidation prices were—

National Bank Shares..	131

It is now precisely a year since National Bank Shares began to move; at the end of February 1881 there was money made by buyers in the stock at 70 to 75, and those who bought and held and trusted have won millions.

Chevalier Hairby, Commander of the Maskelyne, was welcomed on 'Change; tomorrow the Chevalier will have an interview with President Roca about the harbor of Bahia Blanca. It appears that 80,000 tons of rails have to be shipped from England for the Railway, to be discharged in Bahia Blanca.

At the National Bank to-day, there was a free delivery of shares to be exchanged for the new shares, and annoted for the payment of the dividend.

It was rumoured on Change that some outsiders lost 400,000 francs by a party who speculated for a fall in Bank shares

The sales at the ring were as follows:—

Gold—
For cash 65,000 at 25.
Vencimientos $f.826,000
Liquidation 25.

Cedulas—
For cash E 58,000 at 82-3 ½
For cash A 80,900 99⅞-½
Sales, 138,900.
Vencimientos E 131,000
Liquidation at 82
Vencimientos A 165,000
Liquidation at 99½

Nat. Bank Shares—
For cash 7,500 shares 130½-⅞-131-½-½-⅝-132 to 132½

For March 31st 1,600 shares 126½-½-127-½
Sales, 9,100.
Vencimientos, 76,902 shares.
Liquidation, 131

At afterhours there was much excitement, owing to the constant rumours of heavy 'descubiertos'; the business of the day, however, passed off much easier than anticipated; there was really no heavy delivery of stock at the liquidators', and the party who had sold so heavily during the month had evidently bought back, since he scarcely delivered a share. At 4 o'clock it was clear that shares had to be bought to close the liquidation, and at ½ past 4 o'clock Mr Myles Bassman, the well known broker, mounted the bench and called auction for the liquidator to buy shares. The following is the result of the auction:—

Liquidator bought—
100 at 132 E Grigg seller
100 132½ Dardisgoy
200 132½ Cadelogo
100 132¼ Balcarce

It will be seen from the foregoing how hard the market is—

100	were sold at	132
100	do	132½
400	do	132⅔
200	do	132¾
643	do	133

Exchange rules the same and very little doing.

Produce news on 'Change was reported somewhat better.

The literary auction at MacKern's proved a very small affair, one party closed on a lot of ink bottles sufficient for all Patagones, and another took a pack of account books very cheap. There was a lot of cheap music sold; amongst the songs we saw Tritone.

Mr Kemmis, of Santa Fe, was welcomed on 'Change.

The great Bahia Blanca land auction was the event of the afternoon; the prices seem to us low, yet it must be remembered these lands were bought 2 years ago at 10,000 m/c per league, still the land business seems to hang fire, too much offering in the market—

1st lot	4 leagues	sold at	87,000	per league
2nd	4	do	81,000	do
3rd	4	do	80,000	do
4th	4	do	71,000	do
4th	4	private sale	82,000	do

The attendance was large, but there was not much animation amongst buyers.

M. Marechal, lessee of the La Paix, arrived this morning, they said on 'Change that he loses by the flight of Stump about 400,000 francs.

It appears that the Vermejo was all but lost in the last storm down in Bahia Blanca, luckily she veered from the bank in time and was saved.

From all we can learn the sale by auction yesterday at the estancia of Las Barrancas was rudely interrupted about 2 p.m. by heavy rain and cold chill wind. This was all the more to be regretted as the beauty, fine condition and value of the stock offered on sale were unquestionable, and had the day been a fine one, there can be little doubt that the financial result of the sale would have been much better than it was. As a rule, almost all our countrymen showed by their absence—for apart from a few personal friends of the owner and gerente of the estancia—the majority of the most important purchasers were native gentlemen. Few such opportunities have been offered breeders as this sale of the blood stock of Las Barrancas, and if they have not more fully availed themselves of such a brilliant opportunity of at once acquiring at a reasonable cost, the work of years, they have but themselves to blame for allowing such a chance to slip through their fingers. We trust later to be able to publish an official list of sales.

The Sales at afterhours were—

Gold—
For cash 50,000 at 25.

Cedulas—
For cash A 15,000 99⅝
For cash E 20,000 at 82-¼

National Bank Shares—
For cash 1,500 shares at 133-132½-⅝-½-132
For March 31st 500 shares 127, seller 127½

The English papers publish the following, which will much interest our merchants:—

"British commerce with South America.—We have again to record the principal articles of export of British manufactures to Brazilian and other South American ports for the year (1881) taken from the Board of Trade returns just published, premising that it does not include many "unenumerated" articles, nor sundry ports which are not specified in the returns. "It will be seen that, except an increase of some £100,000 to the Argentine Republic, there is not much variation in these returns, both Chili and Peru showing, however, somewhat better results. In the value of sugar imported from Brazil there is an increase of nearly a million sterling over 1880, the figures being £1,488,690 against £2,453,421 for 1881, and of coffee £1,052,617 against £656,380 in 1880."

There was great talk to-day in Custom House circles about another case of smuggling detected at the depositos Catalinas. We refrain from mentioning the name of the house said to be implicated since it is one of the first almacenero firms in this plaza, and the business may yet be satisfactorily cleared up. It seems that 100 bordalesas of wine were cleared from the deposits on the strength of a representation by the Custom House clerk that the permits were being despatched at the Custom House and not yet ready. Possibly to-morrow we shall hear more of this business, as up at the Custom House they talked of nothing else the whole day.

The Municipal Lottery will be ready in a few days; there will be four drawings each month, one for a grand prize of $30,000 pats, say £6,000 stg.; two for ten thousand pats each and one for 16,000 pats. The small prizes will be for a thousand and 5,000 pats &c., but not many small prizes will be given.

The *Tribuna Nacional* published this morning by telegram from Chili, a very important letter from Pierola. For those who follow the fortunes of Peru the letter will possess very great interest.

Parties having Cedulas in deposit in Mortgage Bank are invited to call at the Bank, and get the year's coupones from the stock.

The war steamer Pilcomayo is now loading in port the buoys for the harbor of San Blas, and soon that most delightful of all our bays will be buoyed, and the steamers go in and out from there, when the bar on the River Negro is too dangerous for the steamers to cross. In the San Blas channel there is always at low tide and at its shallowest points, 26 feet of water and inside the bay 100 feet of water. There are oyster beds in that bay with millions of oysters; we may yet see fresh oysters in this market from the Argentine coast.

We have received by the mail the following late Wool Circular from Australia, it may interest this market:—

Sydney, 28th Nov, 1881.

Increased arrivals and bulkier catalogues have imparted the bustle and activity natural to the wool market at this time of the year. Large quantities of wool have changed hands during the past four weeks, at prices allowing little, if indeed any, margin for profit on the latest known London quotations. A keen demand from America for light, free, well-grown greasy wools, the execution of Continental orders for medium greasy fleece and broken, local speculation, and the prevalent notion that the price of wool would advance at the last sales of the year, have all helped to strengthen the hands of growers, many of whom have not been slow to respond to the inducements held out to them to realise in the colonial market. And if the advance in London, at the sales which opened on the 22nd instant, be no greater than what is reported in public and private Cable messages, it would almost appear that the Trade here discounted too liberally the readiness of buyers in London to pay higher values. The truth seems to be that Continental demand is on a diminished scale, and that until it resumes its normal proportions there can be no return to big prices.

Of the growth and condition of the new clip, it is now possible to form a more accurate opinion. It cannot be doubted that the clip as a rule is very light in condition, perhaps more so than ever; on the other hand a very large proportion of it is weak, mushy and tender, whilst not a few clips are infested with clover burr. From many stations it is certain that less wool will come this year than was produced last season, but whether this results from losses in sheep or lightness of fleece it is at yet impossible to determine.

Thirteen clearances, with 45,544 bale, represent the export for the four weeks ending to-day; the total quantity that has gone forward since the commencement of the season being 51,595 bales, as against 52,196 bales shipped at the corresponding date last year.

Capitania General de Puertos.

Reglamento para el fondeadero de los vapores de cabotaje, aprobado por la Superioridad.

Art. 1° Queda establecido un fondeadero especial y exclusivo para las vapores de cabotage que conduscen pasajeros.

Art. 2° Este fondeadero, determinado por boyas de fierro conicas y pintadas de colorado, se halla situado en el espacio comprendido entre los muelles de Pasageros y Catalinas, limitado por las calles de Corrientes y Temple, en su prolongacion hacia el centro del rio, y por la playa.

Art. 3° Todos los vapores que comprende este reglamento, estan obligados a fondear dentro del radio determinado, debiendo mantener siempre en sus anclas las boyas de ordenanza.

Art. 4° Ninguna otra embarcacion puede penetrar dentro de este fondeadero, bajo ningun pretesto; salvo los casos en que lo permita la Capitania o lo requiera la prestacion de auxilios.

Art. 5° Las embarcaciones menores que vayan en busca de pasajeros y equipajes deben situarse a un costado del fondeadero, hasta que la autoridad policia que esta abordo les indique pueden atracar al vapor; pero en ningun caso pueden hacerlo mas de cuatro embarcaciones a la vez, colocandose en linea al costado del desembarque; una vez que salgan estas, otras cuatro, y asi sucesivamente.

Art. 6° Nadie puede cambiar una boja del buque donde esta fondeada, ni hacer en ella operacion alguna.

Art. 7° Se recomienda muy especialmente que, al fondear sus anclas, los vapores lo hagan lo mas retirado posible de las boyas, para que asi no se enreden las cadenas de aquellos con las de estas.

Art. 8° Ningun vapor puede fondear con muerto algunos in previo permiso de la Capitania.

Art. 9° Toda vez, que se rompa una boya o su cadena por choque de alguna embarcacion, esta responderá del daño.

Art. 10° La infraccion a cualquiera de estas disposiciones, sera penada en cuatro pesos fuertes, sin perjuicio de las demas acciones a que hubiere lugar.

Art. 11° La Ayudantia queda especialmente encargada del cumplimiento de este reglamento.

We will sell to the highest bidder over and above the stipulated basis, for cash, 8¼ league of splendid camp, in the department of San Justo, (Province of Cordoba). Advices we have received about the above camp are most flattering—so let those who wish to secure good land cheap, look alive.

The shape of the lot, its rich pastures, and the liberal conditions on which it is offered for sale (in one or more lots), place it within reach of agriculturists, who require small lots of excellent land.

The low valuation put on this land compared with the prices obtained by the Government, 3,000 pats, is the best recommendation we can offer.

8000 Hectareas
O sean 3 leguas cuadradas Campos sin igual en la seccion XVIII
8 años para el pago sin interes
Base de venta 40$ la hectarea
Campo de Inmenso Porvenir
Situacion Inmejorable
En nuestra casa Alsina 78

De tantos campos que se han ofrecido y se ofrecen todos los dias en venta, pocos pueden ponerse en parangon con este lote y especialmente con los que acaban de venderse en la Seccion 10 a razon de 101 ps. la hectarea, o sean 371,000 ps legua cuadrada.

El campo que ofrecemos en venta esta mensurado y amojonado por el Sr D Angel Silva, y sus pastos son abundantes y riquisimos, componiendose en gran parte de gramilla, trebol, alfilerillo, cebadilla, cola de zorra, etc. garantiendo que no hay medanos en toda la fraccion.

Esta a igual distancia de Buenos Aires que los campos del Venado Tuerto que se venden hoy de 300 a 400,000 ps. legua.

Pocas veces se venden campos en iguales condiciones, y se vende unicamente por ausentarse uno de los socios para Europe, maxime que hay quien lo arriende hoy en 12,000 pesos (doce mil) la legua.

Para demostrar lo infimo de la base que se ha fijado para la venta, queremos recordar algunas ventas, efectuadas en estos ultimos tiempos, algunas de ellas en estos dias.

Al señor Cadmus en la Seccion XVII por 130,000 ps legua, comprada para una compañia belga que esta ya mandando los materiales para alambrar el campo.

Las 19 leguas vendidas por el Dr. D. Marcelino Ugarte al nuevo Banco Ingles a razon de 160,000 ps al contado la legua, y se poblaran a no dudarlo en poco tiempo.

Esta fraccion que anchada queda a muy poca distancio de nuestro lote.

Los campos que acaban de venderse en la seccion 10 y cuyo termino medio da mas de 245,000 ps por legua, campos infinitamente inferiores, y para que no se crea que es charla nuestra los vendedores dan al comprador, por medio de un documento, un plazo de seis meses para que puedan cerciorarse de la verdad de lo que decimos y de que si no son mejores estas tres leguas que cualquier fraccion igual de las 85 leguas de esa seccion 10, se anulara la venta y se devolvera el dinero pagado.

Muchisimos son los pobladores que hay por aquellos parages, cerca de alli la fraccion marcada en el Plano con Firondo y Escalante esta poblada por dos vascos, a quienes se lo vendieron aquellos.

Sabido es que Lincoln es el partido que se ha poblado mas rapidamente, y lo prueban los grandes establecimientos de los señores Duggan, Ostendorp, Samsen, Ricketts, Sanford, Brown, Carabassa, Lopez, Martinez de Hoz y muchos otros vecinos pobladores, no especuladores, y que no venderian sus campos por ningun precio.

La seccion 17 que hace tan poco que fue vendida por el Goiberno de la Provincia, esta llena de nuevas estancias como la de los Sres. Romero, Allan, Wilsou, Cabral y otros.

En cuanto a pronta comunicacion con los grandes centros, tenemos varias lineas de ferro-carriles que no son proyectos, sino que estan ya, puede decirse, en via de construccion, y antes de dos años tendremos el ferro-carril Traaandino, que pasara cerca de este campo, y el otro que ira a Tranquelauquen.

Pocos son los campos que le quedan para vender al Gobierno de la Provincia, y pueden estar seguros los compradores que todos ellos se venderan en las mismas condiciones de la seccion 10 y del campo vendido el 7 del corriente en el partido Nueve de Julio, cuya base era de $70,000 legua y fue vendido en 945000 pesos legua al Sr Unzue.

Queremos hacer presente tambien que la gran area vendida por el Sr Don Jose G Lezama al Sr Don Eduardo Casey, queda diez leguas mas afuera que este ofrecido en venta.

Con todos estos datos y las garantias de los vendedores respecto a la bondad del campo, este vale a no dudarlo $120 la hectarea !!! y con los 8 años de plazo sin interes vale 350 a 400,000 pesos la legua.

Los compradores firmaran pagares hipotecarios p r los ocho plazos, entregando la octava parte al contado.

Prevenimos a los interesados que desde hoy tendremos a su disposicion un plano indicando la posicion exacta del campo, para que quedan mandar revisarlo con tiempo.

Remataremos a la mas alta postura y dinero de contado por orden terminante de su propietario.

La finca que arriba se indica, construida en terreno de 14½ vs de frente al Norte por 70 vs de fondo al Sud.

La casa esta ocupada por una fonda y zapateria y se compone de 15 habitaciones de material y otras de madera, cocina y demas oficinas, un gran fondo ocupado por galpones.

Tiene un contrato que vence al fin del año, produciendo en su actual estado $2500 mensuales.

Debemos llamar la atencion de las personas que buscan terrenos y locales centrales, en calles tan comerciales y de tanto movimiento como es la calle Piedad, una de las arterias principales que ponen la parte Oeste de la Capital en comunicacion con el centro de ella, y estamos seguros que no podran menos que decir, que es difícil encontrar un local mas lindo un terreno mas apropiado por sus dimensiones para la construccion de una buena casa de familia.

En cuanto a la base se ha fijado de $350,000 para la venta, ella no puede ser mas modica, pues da un precio de 350 m|c por vara cuadrada cuando es publico y notorio que allí se han efectuado recien ventas a 600 ps vara cuadrada

El Lunes 6 de Marzo
A las 3 de la tarde

Remataremos a la mas alta postura, pasando la base arriba fijada y dinero de contado, por orden terminante de su dueño.

El campo arriba mencionado compuesto de dos leguas cuadradas mas o menos, ubicado en el Partido de Dolores, distante 7 leguas de la ciudad del mismo nombre, lindando con los valiosos Montes del Tordillo, Baldomero Diaz, Santiago Bello, Juan Lopez, escribano, y Simon Palomeque; esta marcado en el Registro Grafico de la Provincia, con el nombre de Juan A Diaz.

Es campo de superior calidad para ovejas, por las buenas cañadas que tiene, asi que en verano nunca faltan abundantes pastos.

El campo para mayor facilidad de los interesados, se ha dividido en 4 fracciones de media legua mas o menos, pero podria venderse en uno o dos lotes de una legua cada uno o sera entregado amojonado en las dos primeras casas, pues la mensura hace muy poco que fue hecho.

En cuanto a la base que son $350,000, nada tenemos que decir, este campo a las puertas de la capital vale el doble y una vez practicada la nivelacion de la parte Sud de la Provincia, valdra 50 p|s mas.

Esta propiedad reconoce una hipoteca a favor del Banco Hipotecario por valor de $f.18,000 de los cuales hay amortizados $f.2,000 y con los cuales podia seguir el comprador si le conviene.

El actual propietario vende este campo por no poder atender des establecimientos, queriendo dedicarle todo su atencion a otro de mas afuera.

Las personas que quieran ver el campo pueden dirigirse al Sr Victor Dardegnac (Hotel del Sud en Dolores) o a Don Angel Escudero en el puesto de B Sosa, en el campo de Baldomero Diaz, lindando con este.

Una area de campo compuesta de dos leguas cuadradas de abundantes pastos, y cuyos linderos son los señores Emilio J Perez, Juan P Cauret, Puerto de la canal y J A Lousteau.

Uno de los mejores elogios que podemos hacer de estos campos es que el Gobierno de la Provincia vendio el 7 de Febrero en este mismo partido a razon de 600,000 m|c legua, y con el de Juarez por mas de un million de pesos legua hace apenas un mes.

El dueño de este campo al ponerlo la base de 170,000 m|c legua, ha tenido en vista atraer el mayor numero de los pequeños capitalistas para que ellos puedan comprar areas menores, relativamente a las que hoy se estan vendiendo y que ellos determinan en el acto del remate cual es el valor de esta fraccion.

Este campo esta perfectamente situado y dista unicamente 14 leguas de Juarez.

Num 94 sobruno hijo de Presidente y yegua criolla, nacio Noviembre 1879.

Num 95 gateado hijo de Municipal, nacio Noviembre 1879.

'Bayard' y 'Municipal' de sangre puro fueron introducidos al pais por la compañia, comprados en el castillo 'Mille Secousse' cerca de Burdeos, *Presidente* tambien puro nacio en el establecimiento 'Matanzas' arriba mencionado.

Gremos inutil entrar en mayores detalles sobre la cria Percheron pues es una de las razas mas convenientes para la cruza con yeguas del pais, pues son animales fuertes, elegantes, fogosos y al mismo tiempo de una docilidad que no se encuentra en ninguno otra.

Tenemos una prueba de ellos en las varias yuntas que se ven en las calles de la ciudad procedentes de la cria del Sr. Cambaceres, unico criador de la raza que ha espedido hasta ahora sus productos al publico.

La Compañia del Tramway hasta la fecha habia unicamente espuestos sus crias en varias esposiciones, obteniendo siempre premios, pero sin ofrecerlas en venta, hoy que lo hace, tiene en los criadores una brillante ocasion para hacerse de animales de primer orden.

Los caballos y yeguas pueden verse en las caballerizas de la compañia en las 5 Esquinas y dos dias antes del remate en nuestra casa Alsina 78.

BUENOS AIRES
GREAT SOUTHERN RAILWAY.

BAHIA BLANCA.

MR. BARKER'S REPORT

To Frank Parish, Esq., Chairman.
London, Jan. 10th, 1882.

Dear Sir,

I have now the pleasure to send to you for the information of the Board a short memorandum upon matters connected with our recent visit to Buenos Aires, and in doing so I need not refer to the important negotiations you have concluded with the Government, beyond asking your permission to record my opinion that you have succeeded in disposing of all questions between the Government and the Company in a way which cannot fail to prove beneficial to the interests of the Proprietors. Before speaking of the general position and prospects of the railway as it stands to-day, it will be convenient that I should report to you the result of my visit to Bahia Blanca, undertaken in company with Mr Coghlan, our Consulting Engineer, Mr Cooper, our General Manager, and another gentleman whose services you have secured as engineer of the extension lines in the event of the Company deciding upon their construction. The journey from our existing terminus at Azul was performed chiefly on horseback, and my friends, all of them engineers of considerable local experience, noted with great care the chief characteristics of the country we passed through. Their observations and general conclusions as regards the proposed extensions of the line to Bahia Blanca and Tandil are set out in the accompanying report, signed by Messrs Coghlan and Cooper, both of whom are members of the Institute of Civil Engineers, and men whose professional skill and extensive experience in the country entitle their opinions to be received with the most perfect confidence. So far as my personal knowledge enables me to judge, I can have no hesitation in corroborating the conclusions at which they have arrived. The country is undoubtedly fertile the entire distance from Azul to Bahia Blanca, and with the exception of the portion occupied by the range of hills called the Sierras, there is nothing whatever to interfere with the cheap and rapid construction of a railway. As regards the route to be adopted, I am of opinion, subject of course to the results of the surveys now in progress, that it may be in the true interests of the company to adopt the more westerly of the alternative lines shewn upon the accompanying map. To do this would no doubt involve extra mileage, but the effect would be to give us a level line all the way, easy to construct, and cheap to work, saving us the cost of crossing the Sierra, and practically inclosing within our grasp the richest and best camps of that rapidly growing district. For strategic reasons also the idea is worthy of consideration, and the extra mileage would really cost very little more than the non-productive works we must execute if we tunnel the Sierra. The Southern district has made rapid progress during the last two or three years, and I look upon our right to occupy these vast tracts of productive lands as a very valuable charter. Accompanied by Mr. Coghlan and Mr. Roberts, our resident engineer, I rode over the country between Ayacucho and Tandil, and here I found surprising evidencee of progress and development since my last visit four years ago. A considerable portion of the traffic now coming to us at Ayacucho will hereafter join the line at Tandil, and the provision of railway facilities will give great impetus to a town and district already thriving and prosperous. It may not be inappropriate for me to mention here that the Ayacucho extension of 80 miles has fully answered the expectations formed of it; and I believe I am justified in saying that this line, opened only a year ago, is already contributing its full share of the dividends we are earning upon the whole undertaking. During my stay in B. Aires I devoted a considerable portion of my time to a careful inquiry into the condition of the railway, and into the details of its administration and general working. As regards the line and its equipment, I am happy to say that the result was entirely satisfactory. The permanent way and rolling stock are in excellent condition, reflecting credit alike upon the manufacturers for supplying us with good, honest materials, and upon the management for efficient maintenance. Owing to the increase of our mileage and the rapid growth of our traffic, both the goods and passenger stations at Buenos Ayres are now inadequate to the demands upon them, and it is clear that the time has arrived when we must purchase additional land, and rebuild your terminus upon a considerably extended scale, introducing modern appliances for labour-saving purposes, and offering to our customers such additional facilities and accommodation as the progressive character of the country renders necessary. In the same way it is found that the stations and their accessories upon the original line to Chascomus are in sufficient for the work they are called upon to do, and general alterations and enlargements are required. In the immediate neighbourhood of the capital there is too great a pressure upon the existing single line of rails to admit of safe and punctual working, and I fully agree with the general manager's conclusion that it is desirable to lay a double track from Buenos Ayres to Burzaco, the point to which we run our local passenger trains. Up to the present time the through passenger traffic has been worked in conjunction with the goods traffic, but during our stay in Buenos Ayres it was found necessary, in order to meet the demand of the public, to agree to put on a passenger train each way daily between the present outside termini and the capital. The train is to run at a speed of 25 miles an hour, and it will, no doubt, be highly appreciated, and add to the popularity of the undertaking. Important changes in the administration have been rendered necessary by the great development of the railway, and I have every confidence that the alterations made will result in both increased efficiency and economy. During the past few months the paper currency of Buenos Ayres has practically returned to its par value, and this has enabled us to reduce our rates to the point at which they stood prior to the suspension of specie payment and the consequent depreciation of the paper currency in 1876. In thus reducing the rates to their former standard the Board have kept faith with the public, and the general manager believes that the commercial results will be satisfactory. Considerable difficulty is experienced in finding the right material for the making of good stationmasters, clerks, &c., and I have arranged with the general manager, subject to the approval of the Board, to gradually feed the staff with young men who have had railway experience, and who will assist in teaching and training others on the spot. By such means it is hoped that we may very shortly find ourselves better situated as regards our general staff, and I am sure that no pains will be spared by the officers of the Company to bring about this desirable result. I have, in conjunction with the General Manager, looked very carefully into the details of the working of the traffic and into the means at present in operation for preserving an effective control and check upon all officers and men holding positions of trust, and wherever improvement has been deemed necessary new arrangements have been made. In conclusion, I will add my recent visit to Buenos Aires has more than confirmed the favourable opinion I have always entertained of the railway. The country is making rapid strides in every direction, and now that we have secured absolute immunity from interference as regards expropriation for a term of upwards of 20 years, and gained the right of carrying our line through the fertile districts of the south, I cannot doubt that there is in the future at least as great prosperity for us as that which we have enjoyed in the past. I should fail in my duty if I did not record my appreciation of the kind manner in which I have been met by the members of the Local Committee, by the General Manager, and by every officer of the Company.

THE SOUTHERN RAILWAY.

To the Edito. of the *Standard*.

Sir

Be so good as call the attention of those whom it may concern to the last crowning glory of the management of the F. C. del Sud.

I was unhappily a passenger by the return Special from the auction sale at Las Barrancas last night.

We started from Lezama at 5 minutes to 8 p.m., with a light train, arrived at Chascomus at 8.50 p.m., and after a a delay of 35 minutes!! started for town, only passing the ordinary passenger train due at Chascomus at 9.25 at Gandara station, and for arrival of which it is said we were delayed.

Eventually we arrived at Plaza Constitucion at 1.35 a.m., after having been detained time after time for periods varying from 20 to 30 minutes. This delay was caused, it is said, in waiting for a pass, which had to emanate on each occasion by telegraph from Plaza Constitucion; and the general opinion in the train last night was, that the official at said Plaza must have been either drunk, incapable, or overcome with slumber from overwork. Be the causes of our delay what they may, we poor passengers were 5 hours 40 minutes in doing a distance easily run over in 2 or 3 hours.

I remain Sir
Yours truly

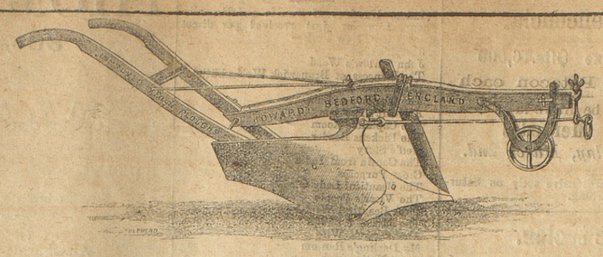
HOWARD'S CELEBRATED PLOUGHS



The above represents the well known 'Eagle 75' Plough which, and other sizes, are manufactured by J. & F. HOWARD in the highest style of workmanship, and tens of thousands are in use. Several manifest improvements have been introduced. As shown in the engraving, the body clips the beam, and the 'centre draught' is also taken from the strongest part of the iron body,—thus giving an additional security against the beam breaking at the bolt holes—a very common occurrence with American made Ploughs.

The beam is made of Oak, and can if required be fitted with a steel plate on each side.

The shares are hardened upon J. & F. HOWARD'S well known patented *water-chill* process, which renders them not only tough and hard, but ensures their wearing better and longer than made when by any other process.

Prices of the various sizes, Nos. 19, 19½, 25, 26, 55, 75, &c., sent on application.

The above Machines kept in Stock by the Principal Hardware Merchants.

CAUTION.—Vice-Chancellor Sir W. P. Wood stated that Dr. J Collis Browne was undoubtedly the inventor of Chlorodyne; that the story of the defendant, Freeman, being the inventor was deliberately untrue, which he regretted had been sworn to. Eminent hospital physicians of London stated that Dr. J. Collis Browne was the discoverer of Chlorodyne; that they prescribe it largely, and mean no other than Dr. Browne's.—*See Times*, July 12th 1864.

The Public, therefore, are cautioned against using any other than

Dr. J. Collis Browne's Chlorodyne.

REMEDIAL USES AND ACTION.

This invaluable remedy produces quiet, refreshing sleep, relieves pain, calms the system, restores the deranged functions, and stimulates healthy action of the secretions of the body, without creating any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisite. Thousands of persons testify to its marvellous good effects and wonderful cures, while medical men extol its virtues most extensively.

CHLORODYNE is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for coughs, consumption, bronchitis, asthma.

CHLORODYNE effectually checks and arrests those too often fatal diseases—Diphtheria, Fever, Croup, Ague.

CHLORODYNE acts like a charm in Diarrhœa, and is the only specific in Cholera and Dysentery.

CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation and Spasms.

CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache, Meningitis, &c.

—o—

From Symes & Co., Pharmaceutical Chemists, Medical Hall, Simla, Jan. 5th 1880. To J. T. Davenport, Esq., 33, Great Russell Street, Bloomsbury, London "Dear Sir, we embrace this opportunity of congratulating you upon the wide-spread reputation this justly-esteemed medicine, DR. COLLIS BROWNE'S CHLORODYNE, has earned for itself, not only in Hindostan, but all over the East. As a remedy of general utility, we much question whether a better is imported into the country, and we shall be glad to hear of its finding a place in every Anglo-Indian home. The other brands, we are happy to say, are now relegated to the native bazaars, and, judging from their sale, we fancy their sojourn there will be but evanescent. We could multiply instances *ad infinitum* of the extraordinary efficacy of DR. COLLIS BROWNE'S CHLORODYNE in Diarrhœa and Dysentery, Spasms, Cramps, Neuralgia, the Vomiting of Pregnancy, and as a general sedative, that have occurred under our personal observation during many years. In Choleraic Diarrhœa, and even in the more terrible forms of Cholera itself, we have witnessed its surprisingly controlling power. We have never used any other form of this medicine than Collis Browne's, from a firm conviction that it is decidedly the best, and also from a sense of duty we owe to the profession and the public, as we are of opinion that the substitution of any other than Collis Browne's is a "deliberate breach of faith on the part of the chemist to prescriber and patient alike." We are, sir, faithfully yours, Symes & Co., Members of the Pharm. Society of Great Britain, His Excellency the Viceroy's Chemists."

Extract from the General Board of Health, London, as to its efficacy in Cholera—"So strongly are we convinced of the immense value of this remedy that we cannot too forcibly urge the necessity of adopting it in all cases."

CAUTION—None genuine without the words 'Dr J Collis Browne' on the Government Stamp. Overwhelming medical testimony accompanies each bottle.
